

# CASCADIA SELECT DECK™

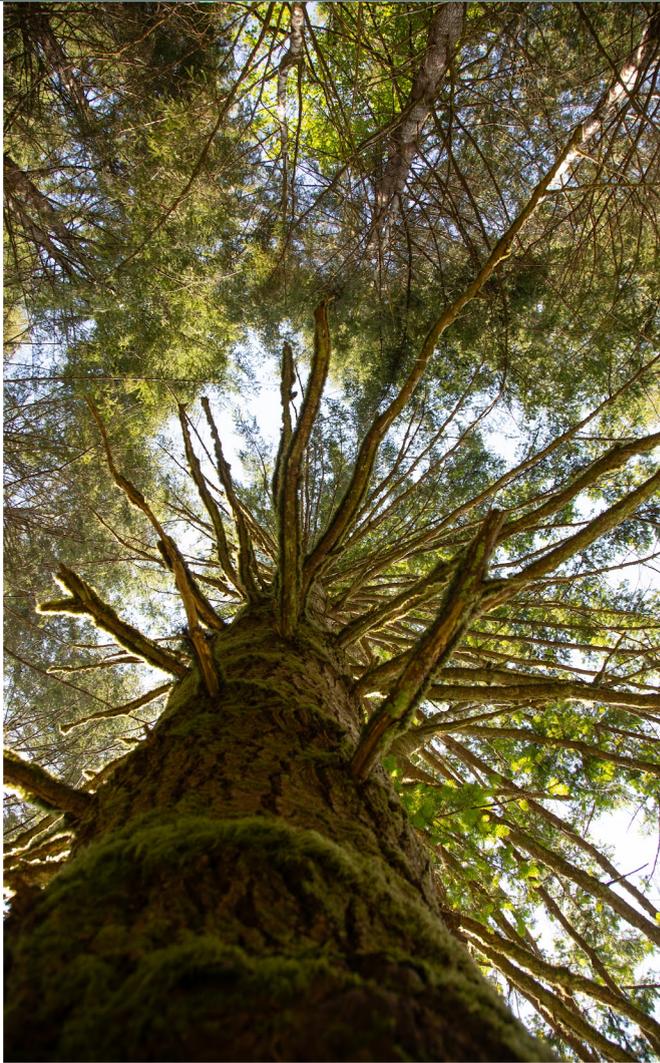

Marmot Cabin - Harka Architects

**HYPERLOCAL: NORTHWEST GROWN & MADE**  
**SOURCING: PORT BLAKELY FOREST**  
**STRENGTH - QUALITY - DURABILITY**

# LOCAL WOOD FOR THE GREATER GOOD

**SUSTAINABLE NORTHWEST WOOD** is the bridge between responsible sourcing, beautiful local wood products and the built environment. Our mission is to foster a wood products community where each purchase for the built environment ensures resilience in the natural one. Join our community!

**PLACE** Sourced from Port Blakely's sustainably managed forests in Northwest Oregon, this sixth-generation, family-owned company is committed to responsible forestry, protecting wildlife habitat, and supporting local communities. Allowing trees to mature longer results in higher-quality lumber and greater carbon storage. This hyperlocal product is grown, milled, dried and processed within 50 miles of Portland.

**PURPOSE** Douglas fir is an incredibly important PNW resource, both economically & environmentally. Known for its strength, durability and beauty in residential and commercial building projects, Cascadia Select Deck™ is used for exposed roof decking/ceiling applications, lofts, timber frame construction and structures requiring robust, finished decking.

**PEOPLE** We partner with small and family owned businesses, sawmills & fabrication shops in the Northwest who provide our array of wood products. Your purchases support forest health and thriving local communities.

**AVAILABILITY:** 2x6 Tongue & Groove with a v-groove face and flush back. Kiln Dried, surfaced and ready to install. Can be stained or painted. Ranom lengths 8-16'  
3x6 T&G available by special order. Ask for a quote.

**OTHER PRODUCTS AVAILABLE:** Dimensional lumber, custom cut timbers, exterior siding, wall cladding, trim, flooring, butcher block, rough sawn furniture grade lumber. FSC® available. Ask us.
